WORK EXPERIENCE

Sr. Consultant 1
Hitachi Vantara

04/2022 - Present   *Hyderabad*

- **CSPS:** Leading the development of web applications using Java, Spring Boot, and Microservices architecture.
- Implementing RESTful APIs to enhance system integrations and improve data flow.
- Collaborating with cross-functional teams to design scalable solutions for client requirements.
- **Technologies**: Java, Spring Boot, Microservices, REST API, Angular.

Senior Software Engineer II
FIS - Mohali

11/2020 - 04/2022   *Mohali, India*

- Developed SOAP and REST APIs for DocuSign implementation, improving document workflow automation.
- Spearheaded microservices-based architecture for critical business applications to enhance system modularity.
- Technologies: Java, REST API, Microservices, Angular, JavaScript.

Sr. Software Engineer
Mavenwave Partners India Pvt. Ltd.

12/2018 - 07/2020   *Chandigarh, India*

- **RHR (10/2019 - 07/2020):** Optimized web pages for speed and scalability, built reusable code libraries for future use, enhancing application performance and maintainability. **Technologies:** Java, REST API, Spring Boot, Angular7, JavaScript, SCSS, HTML5.
- **Citadel L&C Intelligence Solution (03/2019 - 09/2019):** Developed user-friendly web pages, ensuring design choices enhance user experience. **Technologies**: Java, Spring, Spring Boot, REST API, Microservices, React.js, JavaScript, SCSS, HTML5.
- **Mavenwave Fuel Application (12/2018 - 02/2019):** Coordinated with clients to gather and document project requirements, using a range of digital media tools. **Technologies**: Google TypeScript, CSS.

Software Engineer
Silverlake Information System Pvt. Ltd.

11/2015 - 11/2018   *Bangalore, Karnataka*

- **Global Knowledge Tech - Web Portal (03/2017 - 11/2017):** Designed, built, and maintained websites and software applications, working closely with teams to resolve conflicts and prioritize development needs. **Technologies**: Java, AngularJS, JavaScript, CSS, HTML5.

SKILLS

`Java11` `Sprinboot` `Micro Services` `RestAPI` `JavaScript` `Type Script` `Angular2+` `ReactJs` `AngularJs` `Angular Material` `CSS` `Bootstrap3+` `SCSS` `HTML5`

ACHIEVEMENTS

HV Pinnacle Awards - shining star
Recognized for exceptional performance and contributions to the team's success.

Pat-on-the-Back Awards (12/2018 - 02/2019)
Received Pat-on-the-Back award for the Maven wave Fuel Application

Eagle Squad Award (04/2019 - 06/2019)
Received Eagle Squad Award for the project RHR, this award is presented to the team who has given outstanding performance for the current quarter

Eagle Squad Award (07/2019 - 09/2019)
Received Eagle Squad Award for the project Citadel, this award is presented to the team who has given outstanding performance for the current quarter

EDUCATION

B. Tech (Computer Science) Jaipur Engineering College and Research Centre (RTU)
(06/2011 - 06/2015)
Jaipur, Rajasthan
